Fact Sheet: EaseHR

The best way to manage company growth

BENEFITS

- One database to manage and administer HR associated tasks
- Syncs with all Ease software, including benefits, payroll integrations, and onboarding

FEATURES

- PTO Policies: Setup holidays and manage complex PTO policies. Employees can view hours remaining per policy, such as PTO, sick leave, and FMLA.
- Time-Off Tracking: Employees can request time-off and managers can approve those requests on the go.
- Performance Reviews: Custom performance reviews and performance review templates
- Company Stats: Visualized HR stats, including employee growth, company diversity, and organization charts.
- Employee Events & Company Directory: Colleagues can connect at any time with a repository of employee contact information. Managers can keep track of birthdays, and work anniversaries.
- Ease iOS & Android Mobile App: Access time-off tracking and your company directory from anywhere, at any time.
