Two Powerful Partners, One Complete Solution

Quick Setup

Get an Everwell Technical connection Worksheet from your Aflac rep. Plans can be added within a matter of seconds since all rates, benefits, and details are built on the backend by Aflac.

Instant Implementation

Plan eligibility and enrollment occur instantly between Aflac and Ease, ensuring accurate, secure, and compliant enrollment. Employees can see the actual cost per pay period for all of their benefits, independently and together in their enrollment summary.

Reporting Made Easy

After an employee applies for a plan in Everwell via Ease, the enrollment data is saved in Ease. This makes it easy for you and your groups to access accurate paycheck withholding and deduction information for reporting. All adds and changes will be sent to Aflac via Everwell automatically on a regular basis.

How To Activate

To get started, enable the Aflac connection in the Marketplace.

Obtain an Everwell Technical connection Worksheet from your Aflac rep for your group that you'd like to enroll in Aflac products. With your worksheet in hand, run the Aflac Marketplace Setup Wizard.

After you finish the Aflac Marketplace Setup Wizard, test the enrollment experience. This will ensure that the connection is working properly.
