

An Easy, Affordable EDI Solution For Small Groups

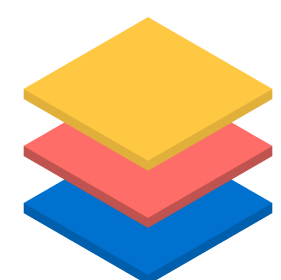

Electronic Data Interchange

EDI (Electronic Data Interchange) allows your benefits data to be automatically exported from EaseCentral to your insurance carriers.

Faster, Safer & More Accurate

Using EDI allows for faster submission and turnaround from carriers, safer transmission of data and fewer errors. EDI works great for groups of 50+ lives.

Medical, Dental, Vision & Life

Our EDI features are available for hundreds of carriers across a wide variety of products.
