# Introducing HRIS

Powerful PTO, performance reviews, company stats and more.

A black and white photograph showing the silhouettes of several people sitting in a row of chairs, facing away from the camera towards a large window. The scene is dimly lit, with light coming from the window, creating a professional and collaborative atmosphere.

Over 20,000  
companies use  
EaseCentral to enroll  
and manage their  
employee benefits.

“

EaseCentral is an essential part of our business model, both for retaining our current clients and also for acquiring new ones. Best of all, it has drastically improved the day-to-day insurance experience for us as brokers and most importantly – for our clients.

ABIS Employee Benefits

# Offer HRIS to all your groups. They'll thank you for it.

## **PTO**

Your employers can now setup holidays, manage PTO policies and track time off requests all within EaseCentral. Employees can request time off and managers can approve on the go, perfect for busy teams.

## **Performance Reviews**

Using EaseCentral, managers and HR can create custom performance reviews. Once created, they can save performance review templates and share them with other managers within their organization.

## **Company Directory**

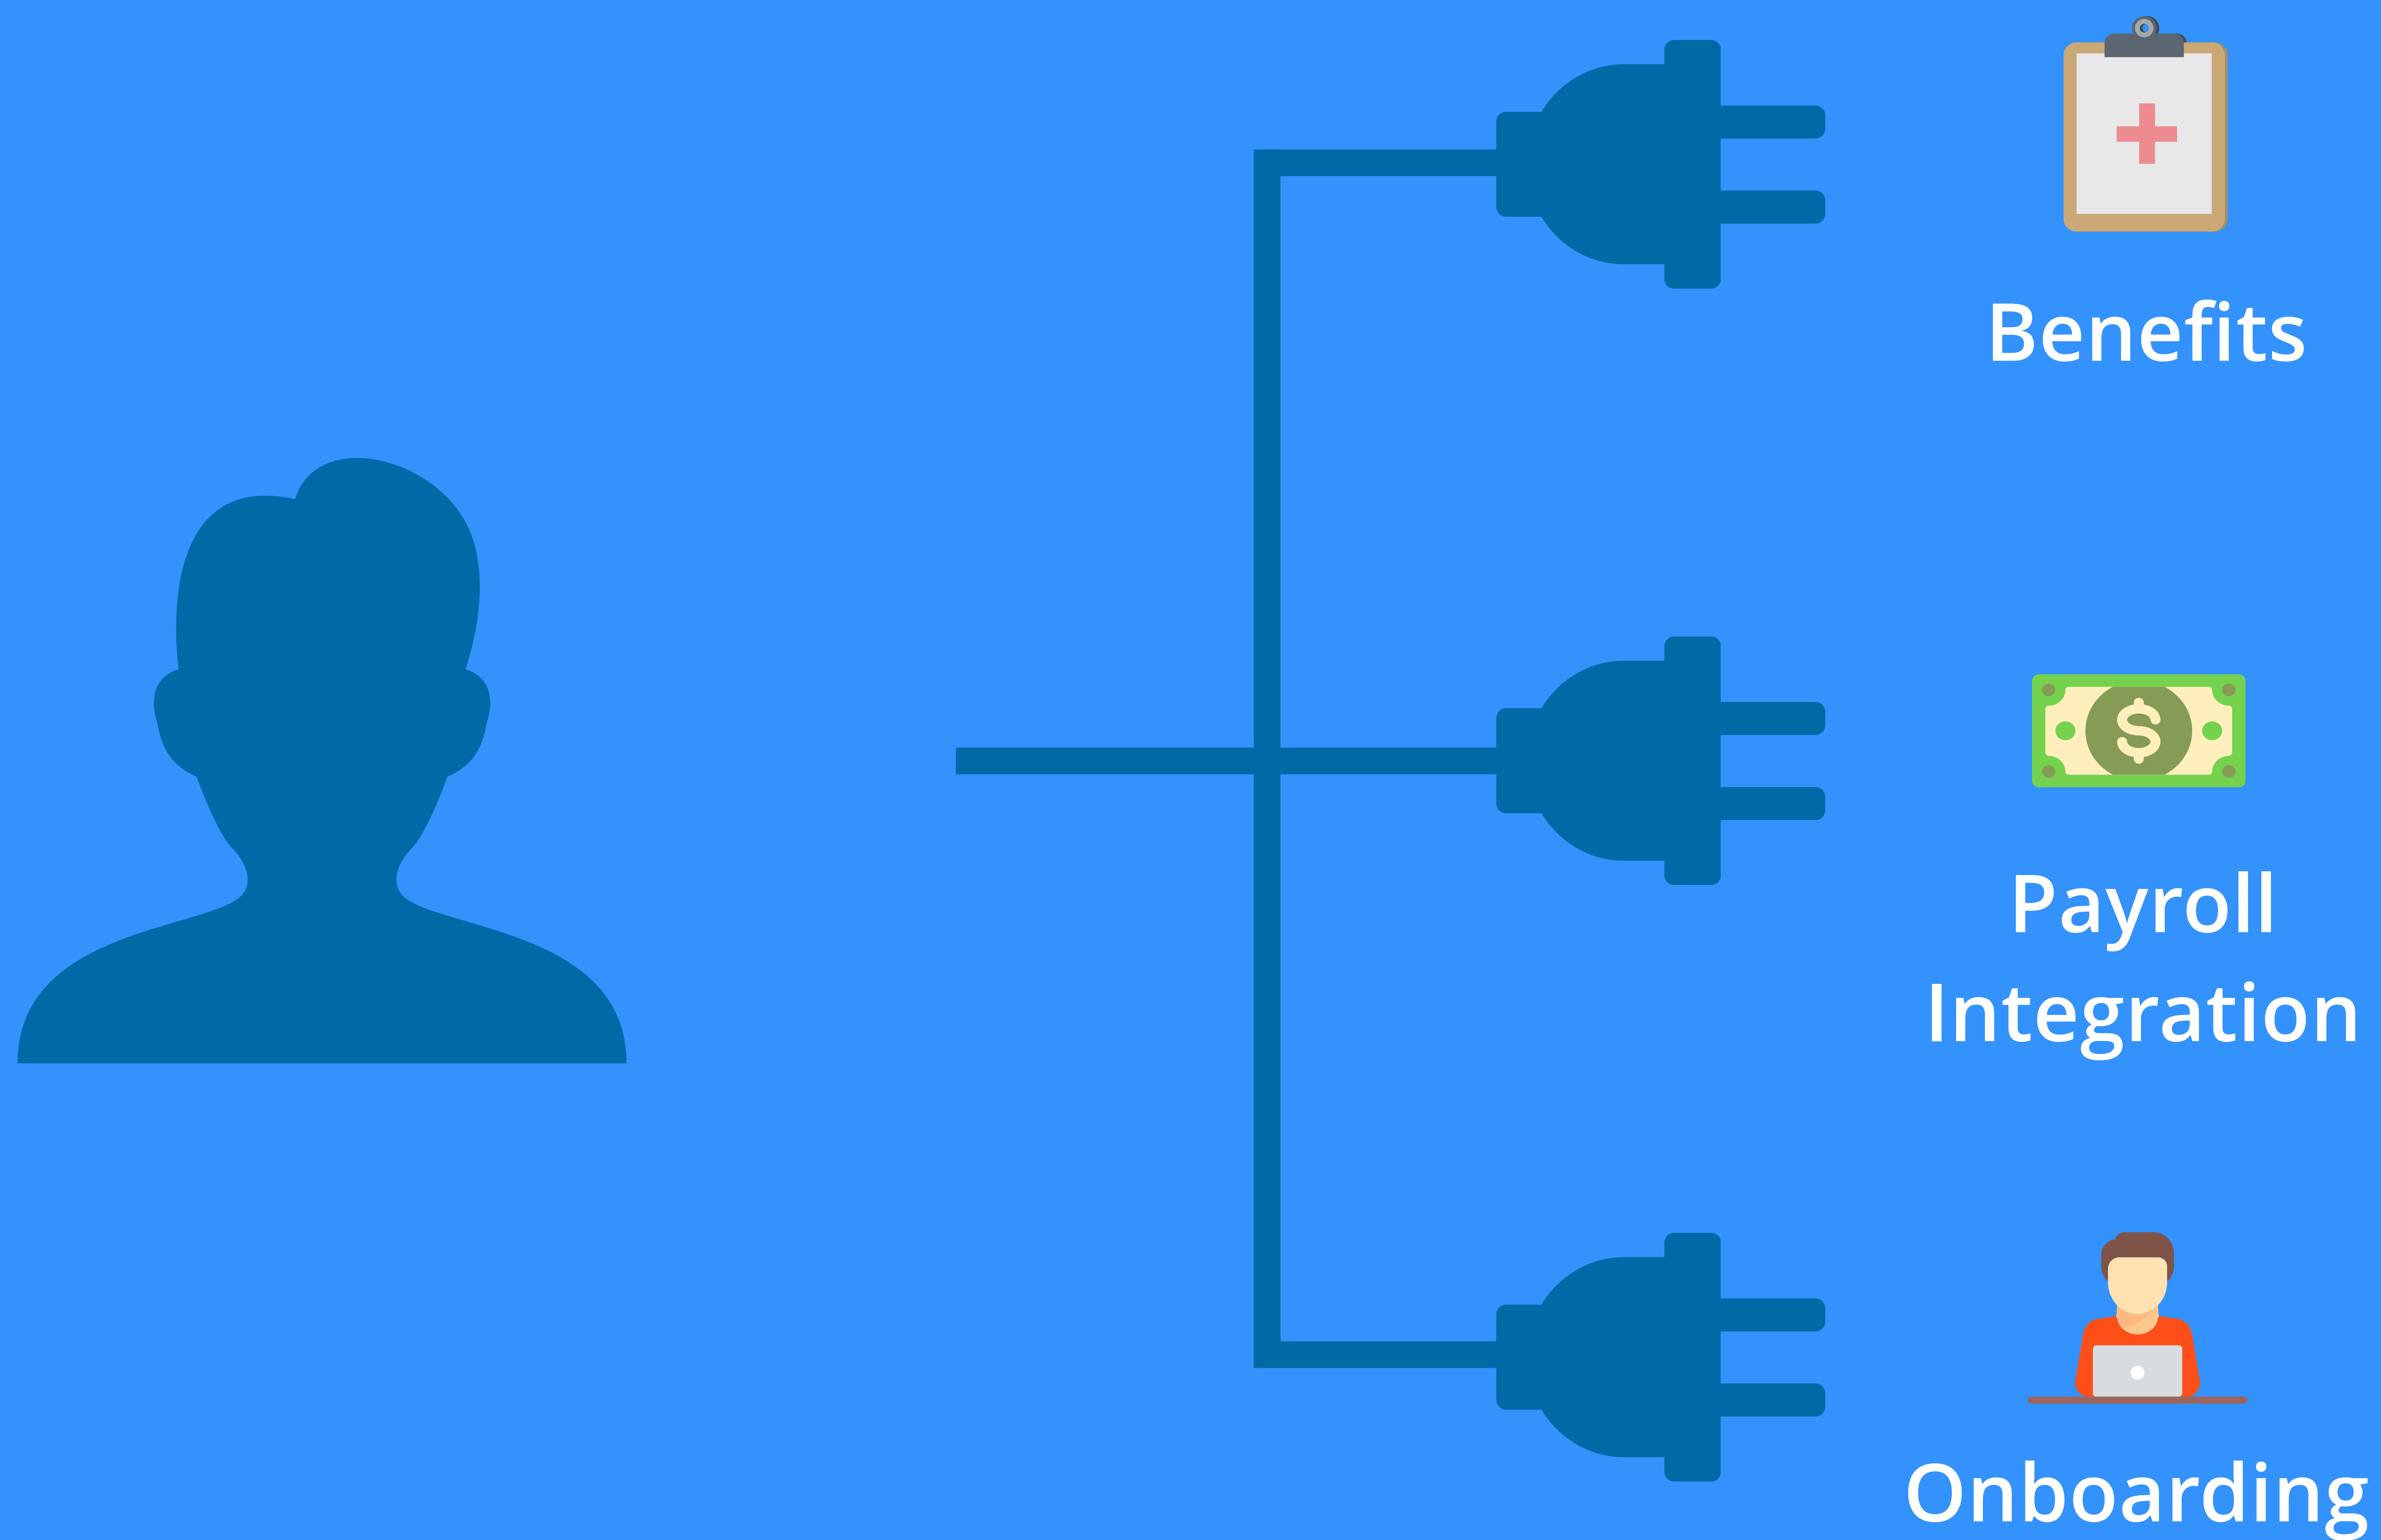

One complete directory for employee contact information. View by name, location and department. No setup required.

## **Company Stats**

Your company executives and HR admins can make better decisions with visualized HR stats, including employee growth, company diversity and more.

HRIS syncs with all EaseCentral  
employer software.

# Getting Started

HRIS uses the same login and employee information from benefits enrollment, making setup painless. Your employers will thank you for not having to learn a new system.
