

Subject: EaseCentral Is Now Ease

Hello [Employer Name],

As the provider of your online enrollment system, EaseCentral works with us to offer you a solution that helps you manage benefits and onboarding year-round. We'd like to share some exciting updates that are coming to the system.

As of this week, EaseCentral is now Ease. That system will function the same, but has been enhanced for a better benefits experience for you and your employees.

With a beautifully revamped interface, your workflow will be optimized and employee enrollments will be smoother than ever.

Here's what's you can expect with the Revamped Ease:

- 1. Impress Your Employees With Cutting-Edge Software:** Go ahead, show off your HR software. Impress applicants and new hires with a modern benefits and HR solution.
- 2. Faster Employee Enrollments:** Less time choosing benefits, more time making things happen.
- 3. Strengthen Employee Relationships:** More data and updated reporting tools to help you better understand your employees.

View more information about the revamped Ease [here](#).

Please note that the name has officially changed to Ease and the website URL is now Ease.com. You can still access your account via your company's easecentral.com url, but you'll be redirected to the ease.com version.
